- QLD

Value

- \$11.6M

Sector

- Education

FROM THE TEAM

WHY SUNSTATE CIVIL CONSTRUCTION

Ability to provide prompt quoting and the appropriate resourcing to deliver the project in the required timeframe.

HOW DID YOU ENGAGE

Sunstate have priced several jobs and delivered one previous project for our team, along with completing various recent projects for other teams. Sunstate was an obvious choice to look at the civil package for Beenleigh State High School and they were able to meet our budget and commit to the target program.
